CONFERENCE DATES ARE ANNOUNCED THERE WILL BE SEVEN GATHERINGS EVENTS BEGIN WITH COMMENCEMENT

Bulletin Is Issued

The details and full particulars of the usual summer conferences to be held in Northfield this season will be fully set forth in a bulletin to be issued this week by the conference committee from its office in Kenarden hall on the seminary campus. It will be sent out through the mails to the various ministers of churches, former attendants of summer conferences and to all Christian workers who have indicated an interest in them. Each individual conference group will issue special publicity material. Mount Hermon school and the Northfield seminary will hold their commencement exercises on Monday, June 13 and on June 24 the Northfield Girls' conference will be called into session. There will be seven gatherings ending with the closing of the General conference on August 15.

As usual, conference delegates will be largely housed on the seminary campus, at Mt. Hermon, the Northfield hotel and local Inns. Low rates will prevail for accommodations.

The Press hopes to be able next week to give more complete details regarding each conference and to furnish a list of the speakers to appear at each conference. The Northfield calendar includes the following data: The schools' sacred concert, May 13; June 13 the commencement of both Northfield seminary and Mt. Hermon school; June 24 to July 1, the Northfield Girls' conference; July 4 to 11, the Mass. Christian Endeavor conference; July 11 to 19, the Northfield Missionary conference; July 16 to 23, the United Presbyterian conference; July 19 to 30, the conference of Religious Education; July 25 to August 15, the Westminster Choir school and July 30 to August 15 the Northfield General conference. Persons desiring a copy of the bulletin may secure one by writing to Conference Committee, Kenarden hall, East Northfield, Mass.

Girl Scout Leaders Hold Reunion Here

The Pine Tree Camp National Girl Scout Training school reunion was held at the Northfield hotel last Saturday and Sunday. There were approximately 80 members present.

Pine Tree Camp, which is situated ten miles out of Plymouth, is the seat of the first national training school for Girl Scout leaders. This is one of the four national training schools where young women receive instruction for becoming directors or counselors in Girl Scout camps through the summer, or leaders in Girl Scout groups through the winter. Here also are trained members of the sponsoring local councils to carry their administrative responsibilities more effectively. Likewise, instruction is given to all in the interpretation of all parts of the Girl Scout program.

Every year all who have been students at any time at Pine Tree have this opportunity to come together in pleasant surroundings for the purpose of renewing old acquaintances and forming new. It is anticipated that among the historical and educational surroundings at the Northfield hotel a revived interest would be taken in the school which would keep former students up to date as to its changes in program and policy.

The Pine Tree school is run under the supervision of the National organization of Girl Scouts, headquarters of which is located in New York City with a branch office, covering New England, in Boston. Miss Ruth Stevens, Regional Director at Boston, is a member of the National Girl Scout staff acting as director of the school three months in the summer and as director of Girl Scouting through New England during the remainder of the year, and accompanied the group to Northfield.

Has Annual Supper Meeting And Lecture 61 Members Enrolled

The Northfield Garden club emerges from the winter season with its members hopeful for the coming spring with its promise of sunshine and flowers. When President Irving J. Lawrence welcomed the session at the town hall last Monday for the annual supper, some fifty members of the sixty-one composing its membership was in attendance. At 8 o'clock the meeting was opened to the public and I. L. Bailey of the Forest Service of the U. S. Department of Agriculture was introduced who spoke on the "Rare and Common Varieties of our native wild flowers." He showed pictures of the flowers and many of those present promptly identified them. Mr. Baileys address was most interesting and educational. The supper was served in charge of a committee headed by Mrs. C. F. Taber. The officers of the club for this year, beside Mr. Lawrence are Mrs. H. F. Bigelow vice president and Prof. Grove Deming secretary-treasurer. The club will again offer prizes this year to school children who gather the tent caterpillars in which the Village Improvement society will join with additional prizes. The club will no doubt arrange for another Flower Show this summer.

Spring Flower Show Boston In March

An entire New England country hillside is being moved bodily into Mechanics hall, Boston, to form the main delight of the annual Spring Flower Show of the Mass. Horticultural society, scheduled to be open March 17 through the 22nd. While the multitude of blossoms on display will be grouped into the regular exhibitions which have made the big Boston show one of the world's outstanding horticultural events, this year the show will tend to bestow emphasis upon both amateur gardening and wild flower conservation.

The big hall, where the hillside is being erected, will feature the latter objective. From a peak of jagged rocks, down to the stage level and from thence on down to the main floor, a steep slope of rock, earth and shrubs will be thickly planted with thousands of mountain laurel shrubs in full bloom. Amongst them, cascading and tumbling in white fury, and pausing here and there in dreamy pools, a flowing stream will make its way to the base where, as it winds along, it will pass through lush meadow thickly planted with many wild flowers. Eventually the stream will vanish into the crevices of a lovely rock garden, which, itself will be flanked by the grounds of a country estate—a white house, styled in the modernistic manner, set amid lovely gardens and overlooking the meadow and the laurelled hillside.

While this main picture will be the center of attraction it is only one of about 150 exhibitions which will range from the gorgeous displays of priceless orchids down to the not less lovely but more homely displays of woodland gardens and backyard plantings.

As usual, the big Boston show is under the direction of Edwin S. Webster of Chestnut Hill, and Edward I. Farrington, the president and secretary respectively of the Society and of Arno H. Nehrling, the show manager.

Sunday Speakers

Bishop John T. Dallas of the Episcopal diocese of New Hampshire is to speak at the seminary both the morning and evening on Sunday. Bishop Dallas speaks here every year and his addresses are always well received.

Another speaker well known here will lead both services in Memorial chapel, Mt. Hermon, next Sunday. He is Dr. Ralph S. Harlow, whose daughter, Elizabeth, is a senior at the seminary. Carlton L'Hommiedieu will give an organ recital at Hermon following the vesper service.

A number of our citizens attended the turkey supper at the Vernon church last evening.

Wanted: Some Snow Advertise Students

"If it would only snow . . ." is the constant wail on the seminary campus. If it would only snow, the long-awaited and already once-postponed winter carnival could be held as planned on Saturday. If it would only snow, the seven Bavarian skiers (who performed at the Dartmouth carnival and are booked for the Brattleboro sports program this week-end) scheduled to show their skill at the seminary next Monday morning, would be able to give an out-of-doors exhibition instead of a program of Bavarian songs and a ski movie in the gym. If it would only snow, the students whose skis are all waxed and waiting could again take outdoor lessons from Coach Marion Burnett. The skiers and skaters look sadly skyward for signs of snow clouds, the carnival queen and king (as yet unannounced to the other students) and all their retinue of attendants who will form the royal procession are disconsolate. Oh, if it would only snow!

Organizing West

Monroe Smith has just left California where he reports that the hostel work is progressing most satisfactorily and that he met with a great deal of enthusiasm and interest. The skeleton chain of hostels which extends through the Red Wood country in the Bay Area will be filled out and extended. The loop extends from San Francisco along the shore to Santa Cruz and back to San Francisco by the Inland route.

Mr. Smith's next stop will be Denver, Colorado, where Miss Zeta Barbour of the fall training course in Northfield, has as field worker for that area, arranged meetings and lectures for him.

Were In Play

At Cushing academy, Ashburnham, the winter carnival was interfered with owing to the lack of snow, yet the social program was carried out with many of the parents and friends of the students attending. Paul Davis and Calvin Field of Northfield took prominent parts in the play. A tea dance was held Friday afternoon, the largely attended Carnival Ball Saturday evening and the assemblage and vesper service Sunday afternoon.

Income Tax Aid

Internal revenue agents will be at the Greenfield post office seven days between March 2 and 15 to assist taxpayers in preparing their 1937 federal income tax returns. The dates are March 2, 4, 5, 8, 11, 12 and 15. Office hours will be from 9 a.m. to 4:30 p.m. each weekday except Saturday, when the hours will be 9 a.m. to 1 p.m.

The Youth Hostel Knapack Issued For The Spring

Members of the American Youth Hostels have received in the mail this week the spring issue of the "Knapack" the official bulletin. It appears in a newer and booksize form with a cover highly decorated in colors. The pamphlet contains advance notices of the various trips to be undertaken abroad, including those in America, the rolling journey via train through Canada, but who in prosperous years have enjoyed bumper crops from the soil. The people there are full of hope and optimism. Mr. Pattison was recently located at Brandon, Manitoba where he was teaching in Brandon university and pastor at the Baptist church. His many friends here follow his career with much personal interest.

Rev. F. W. Pattison

The pamphlet also contains two articles by well known local folks. One is a description of a "storm in the Dolomites" by Archie Stark who visited that mountainous region last summer in company with Fritz Kaufhold. Archie is now a field worker connected with the movement. The other article is by Miss Marcy A. Brann of Northfield who writes most interestingly of "A few English Vignettes." The announcement is made of the holding of another national training course for workers which will start next June.

At the present time Monroe and Isabel Smith the American directors are on their return trip from a visit to the west coast and expect to be back in Northfield next week.

The outlook for the A. Y. H. is indeed bright for the coming year and during the summer season Northfield will see a large number of the hostellers in its midst. One of the important undertakings this year will be the full development and use of the new hostel property at Meredith, N. H., recently given to the organization. It is likely that a summer school might be established there.

SIMPLE ENOUGH

Mixed up place this world of ours,

Nobody knows what coming hours

Will bring to us, confused and vexed—

'Tis no wonder we're perplexed,

Nazi, Fascist, Communist, Jew,

All a'boil in a hell hot stew,

Spain's fair soil soaked blood red,

Countless yellow men lying dead,

At home—the question for you and me,

Is the U. S. a democracy?

Tired men with weary eyes

Seek for work under winter skies;

And yet we sit in this stagnant Nation

And point with pride to our civilization.

A civilization that seems to consist

Of treaties torn by a harsh, mailed fist.

Pirate crafts, in a sapphire sea,

Scuttling ships wherever they be

Ford's a BARON—while it's a fact.

That wages are better than Wagner's act

Ever called for or ever will

In his Wages and Hours Bill,

A bill that reads better wrong side out

As nobody knows what it's all about.

What can we do? I don't know,

Perhaps Boake Carter can tell us

tho,

But this I know, and you may agree

With the conclusions reached by me:

Wars may rage and the Treasury bust,

Still it says on our coins, "In God We Trust!"

So drop your troubles and pay your bills

With the gold bid deep in Kentucky hills.

—John Phelps

A Former Minister In New Pastorate

After summering on an island in British Columbia and assisting at a conference, Rev. F. W. Pattison, M. A. formerly pastor of the local Congregational church, is now the interim pastor at Regina, Saskatchewan, Canada. Regina is the capitol of the Province and the headquarters of the Royal Canadian Mounted Police, a city of 60,000 people in the center of the recent drought area but who in prosperous years have enjoyed bumper crops from the soil. The people there are full of hope and optimism. Mr. Pattison was recently located at Brandon, Manitoba where he was teaching in Brandon university and pastor at the Baptist church. His many friends here follow his career with much personal interest.

2 FACTS
FACT No. 1

There is a GREAT NEED for BETTER LIGHTING in nearly every home. Poor light is one reason why . . .

- 1 out of 5 school-children have defective vision;
- 3 out of 5 adults at age 40 have defective vision.

For BETTER SIGHT, consult an eye specialist regularly to correct eye troubles, AND—help prevent eye-strain with BETTER HOME LIGHTING.

FACT No. 2

GOOD LIGHTING is NOT EXPENSIVE. If, for example, you replace a 60-watt bulb with a 100-watt bulb, you will get twice as much light (because of its higher efficiency) at an extra cost of only one-third of a cent per hour's use. Good eyes are precious; good light is cheap.

With the payment of this stock March 1 there will be remaining only \$50,000 of the original issue.

Inspired by the Plight of this Year's Carnival Queen At Northfield Seminary

No snow—
And on the campus brown and bare,
The snow queen sits in deep despair.
"Please, dear weather man, please, some snow,
Don't let another Saturday go,
Without our Carnival, please, dear sir!"
Now weather man, be kind to her.
She's been elected Carnival Queen,
But what's the use—no winter scene—
No drifts piled high—
And a cloudless sky—
Skates all sharpened ready to go,
Skiis all waxed and still no snow.
Naked ski trails hit the eye—
Hope that once was flaring high
Tries very hard now not to die.
The queen is sad, and so am I.
No snow!
